

BENEVIA

With you every step of the way

*Simplifying Life Transitions
for Older adults and their families*

What Is Benevia?

Benevia (meaning “good path”) is a phone-based concierge service, coordinating the complex life transitions faced by older adults and their families. We ease the emotionally taxing and overwhelming nature of such transitions by creating a master transition plan, coordinating highly qualified service providers and staying involved to ensure successful outcomes. We charge a flat fee of \$59.95 per year for coordinating any services a client needs during that period, regardless of the coordination time required.

What is a Transition?

We define a transition as any change in lifestyle or living environment. Transitions may involve moving to a retirement community, arranging for home care, downsizing belongings, making home modifications or repairs, selling a home, or resolving general eldercare issues.

What is Transition Coordination?

This personalized service helps clients by:

1. Identifying their transition related needs
2. Providing professional advice
3. Creating a master transition plan
4. Introducing and coordinating screened service providers
5. Ensuring successful outcomes

What Are The Benefits?

- ✓ Save time finding and coordinating quality service providers
- ✓ Save money through discounted service rates
- ✓ Professional support from a dedicated Transition Coordinator

Service Categories

Benevia can coordinate a wide variety of service categories. All recommended service providers have been through a rigorous screening process and many offer exclusive discounts and benefits.
